SUMMARY

Organized and dependable professional skilled in managing multiple priorities with a positive attitude. Strong interpersonal, time-management, and problem-solving abilities, with a proven willingness to take on added responsibilities to achieve team goals.

EXPERIENCE

CREW MEMBER

Mc Donald's – Walton on thames UK

October 2025 – Present, Walton on thames

- Maintained a 98% delivery completion rate by consistently adhering to operational standards and strict time targets.
- Rapidly learned and managed menu customisations and special requests, ensuring high order accuracy and customer satisfaction.
- Efficiently handled multiple tasks under time pressure, contributing to smooth store operations during peak hours.

STUDENT INTERN

EGGER PUMPS INDIA PVT LTD

June 2024 – June 2024, Coimbatore, India

- Gained hands-on experience in the pump manufacturing industry by supporting data-driven manufacturing operations across multiple production processes, contributing to improved operational efficiency and workflow optimisation.
- Developed a practical understanding of data-driven industrial processes through the integration of Industry 4.0 concepts.
- Evaluated manufacturing data over a 4-week period across multiple production stages, supporting improved operational efficiency and data-driven decision-making.

SYSTEM STAFF

APT TUITION CENTRE

April 2025 – September 2025

- Gained hands-on experience in mark analysis, expense tracking, and data management using Microsoft Excel for records related to 150+ students, ensuring accurate reporting and efficient handling of manual systems.
- Conducted Biology classes for 150+ students from Grades 10 to 12, delivering concepts clearly and supporting strong academic understanding.
- Maintained and organized academic and administrative records for 150+ students, ensuring data accuracy, consistency, and timely updates.

STUDENT INTERN

CYBER CRIME DEPARTMENT (OOTY POLICE STATION)

June 2023 – June 2023, Ooty

- Contributed to technical and cyber security activities during a 15-day internship, demonstrating initiative, responsibility, and a strong willingness to learn in a law-enforcement environment.
- Gained hands-on exposure to multiple real-world cyber security cases and observed end-to-end case handling within a law-enforcement setting.
- Supported digital forensics investigations over the 15-day period by assisting with evidence collection, documentation, and preliminary analysis under the supervision of cyber crime officers.

PROJECT

“Loan Default Prediction”

Final project • November 2024 – November 2024

- Designed and implemented a loan default prediction model using 30,000+ live financial records, strengthening skills in data analysis, machine learning, and applying predictive insights to real-world business decisions.
- Performed data preprocessing and EDA on 30K+ loan records across 20+ variables to identify key default risk factors and improve model interpretability.
- Optimized 4+ ML models using accuracy, precision, recall, and ROC-AUC (>0.80) to deliver scalable, business-relevant predictions.

EDUCATION

Business Analytics MSc

UNIVERSITY OF SURREY • Sept 2025 – present

Bachelor of Science in Data Science

Minor in Statistics • KUMARAGURU COLLEGE OF LIBERAL ARTS AND SCIENCE • 2025

CERTIFICATIONS

Data processing using python

Coursera project network • 2023

Advanced Excel

Coursera project network • 2023

SKILLS

Python, SQL, SAS, STATA, Power BI, Microsoft Office suite

English (Fluent), Tamil(native)
